**EVERLAST RUBY RAISE3D NOZZLES**

**Super hard and super fast nozzles for Raise3D. You can now print almost any abrasive material on your Raise3D, Almost forever!**

These nozzles will allow you to print spool after spool of Carbon Fibre, Bronzefill and other abrasive materials. They also leave a particularly beautiful print with PLA , ABS and other filaments. Printing Carbon Fibre on a standard Core will destroy it completley in a few hours, or less than 500g filament. This nozzle can print all day long, week after week. Many users experience that the EVERLAST Ruby "paid itself back" after 1 time use only!
